Business Hours:  
Monday - Friday: 9:00 am - 5:00 pm GMT

## About Us:

Lisa Campbell Gray has been working in the oil and gas industry for over 6 years, and started out with HSEE projects, a well known recruitment agency based in Blackpool, England. During her time there she quickly picked up a reputation for being able to fill jobs for clients in a very short space of time. She built the companies client portfolio up, and increased HSEE projects earnings within the first year to almost £1.5 million in profit. In February 2007 she decided to start up her own business, and thus Campbell Engineering was born.
